## LANGUAGES

Engleza ★ ★ ★ ★  
Franceza ★ ★ ★ ★

With a diverse and rich career in health and administration, I've had the privilege of holding various leadership and coordination positions at the Slatina County Emergency Hospital. My experience as a Project Manager and Head of Health Service Quality Management has equipped me with solid management and supervisory skills. Additionally, my role as a County Counselor exposed me to the intricacies of county-level administration and decision-making.

I've also had a distinguished career in education, working as a trainer for various institutions, where I facilitated courses supporting individual professional development. Beyond professional duties, I've actively engaged in the non-profit sector, serving as the President of the Board for the "Everything for Life" Association, where my focus was on fundraising for humanitarian causes.

This professional journey has shaped me as a dedicated leader and a professional with a clear vision, capable of bringing value to any organization.

I hope this translation meets your requirements. Let me know if there are any further adjustments needed!
