

## Scientific research project

### 1. Personal data of the PhD student:

|                          |  |
|--------------------------|--|
| 1.1. Name:               |  |
| 1.2. Surname:            |  |
| 1.3. Birth year:         |  |
| Contact<br>1.4. Adresse: |  |
| 1.5. Telephone:          |  |
| 1.6. E-Mail:             |  |
| 1.7. MA degree           |  |
| 1.8. BA degree           |  |

### 2. Data regarding the form of education that the PhD student attends:

|   |  |
|---|--|
| 2.1. Form of education: (DAY / part-time) |  |
|---|--|

### 3. Data regarding the PhD program:

|  |  |
|--|--|
| 3.1. Year of admission:  |  |
| 3.2. PhD field:  |  |
| 3.5. PhD supervisor:   |  |
| 3.5.1. Name:   |  |
| 3.5.2. Surname:  |  |
| 3.6. Name of co-supervisor<br>doctoral institution: (if<br>applicable) |  |
| 3.7. PhD Co-supervisor (if<br>applicable)                              |  |
| 3.7.1. Name:   |  |
| 3.7.2. Surname:  |  |

### 4. Title of the PhD thesis:

|  |
|--|
|  |
|--|

5. Doctoral student guidance committee:

|                       |  |
|-----------------------|--|
| <b>PhD supervisor</b> |  |
| Member 1              |  |
| Member 2              |  |
| Member 3              |  |
| Member 4              |  |
| Member 5              |  |

## **APPENDIX 1**

The doctoral research project elaborated according to the following structure:

### **1. Title page**

The title page will include:

- Name of the document "Doctoral research program"
- Title of research (as mentioned in the admission process)
- Updated title of research (if changed since admission)<sup>1</sup>
- The PhD student's full name
- Scientific title and name of the PhD supervisor
- Submission date

### **2. Contents**

- It will include all the sections mentioned below.

### **3. Academic personal development**

- This section will include all the activities carried out by the doctoral student in the past year since enrollment, for the development of the theoretical knowledge and skills necessary to achieve the proposed aim: courses, trainings, conferences, publications, study visits, systematic individual study of certain topics of specialized interest, etc.
- The section will mention both activities carried out individually and those organized by the Doctoral School.
- The activities will be briefly described, but will include all relevant data of publications, conferences, etc. following the APA citing style.
- Regarding the works that have not yet been published, the following aspects will be mentioned:
  - In process / Intent to publish (Yes / No)
  - If yes:
    - The (provisional) title of the intended publication.
    - The journal (s) for which the publication is intended.
    - The stage of the publication process (drafting, article submitted, under review, accepted, rejected).

---

<sup>1</sup> Any modification of the title will require filling of a form (the template will be provided by the Doctoral Office).

#### **4. Research progress**

- The ethically sensitive issues raised by the research are presented.
- Describe how to manage each of the reported ethical issues.
- Mention possible difficulties in the theoretical, methodological and / or empirical investigation of the topic (for example, inaccessible bibliographic sources, changing research contexts, lack of availability of the subjects concerned, etc.).

#### **5. Presentation of the research project**

##### 5.1. Summary [350 to 500 words]

Abstract

##### 5.2. Keywords [4 to 10 keywords]

Keywords

##### 5.3. Argumentation [between 1000 and 1500 words]

5.3.1. Theoretical relevance

5.3.2. Applied relevance

##### 5.4. Current state of research [1500 to 2500 words]

##### 5.5. Research design [1000 to 1500 words]

5.5.1. Research objectives

5.5.2. Research questions

5.5.3. Methodological details (details of method(s), instrument(s), sample, etc.)

5.5.4. Presumed contributions

##### 5.6. Bibliographical references

##### 5.7. Research organization [400 to 700 words]

5.7.1. Planning the three research reports

5.7.2. Risks and measures targeted
